

IBIS America, LLC Announces Its Participation at SAP® TechEd® to Showcase Continuous Innovations for SAP Solutions

Stroudsburg, PA — August 26, 2016 — IBIS America, LLC, an SAP partner, today announced that it will participate at SAP® TechEd® being held September 19-23, 2016 in Las Vegas in booth #903. Join IBIS for demonstrations and discussions on how companies can get the most out of their investments in SAP software by using a complete productivity tool for SAP solutions, RBE Plus from IBIS. IBIS America has announced its support for SAP Solution Manager 7.2 and participation in the STAR (system transformation via assessment and realignment) initiative for SAP solutions.

Visitors at the IBIS booth can discuss their path towards SAP Solution Manager and their application lifecycle management strategy. As a participant in the SAP Ramp-Up program for SAP Solution Manager 7.2, IBIS would like to share its experience first-hand.

The unique RBE Plus As-Is assessment from IBIS provides a low-impact starting point for a company's digital transformation process. IBIS will also showcase its comprehensive system evaluation to confirm and prioritize the scope of a company's path towards innovation. At IBIS, the main goal is to help customers utilize SAP Solution Manager more effectively.

"IBIS continues its role as a leading content provider of SAP Solution Manager and fully supports SAP Solution Manager 7.2 with service pack 3. We continue to supplement SAP Solution Manager with quantifiable data to help companies identify opportunities for continuous improvement of their SAP solutions. Our audit of a company's systems based on SAP solutions can help reduce total cost of ownership by identifying business process areas that can be improved by helping calculate the ROI of SAP S/4 HANA based on specific needs." said Dr. Heiko Hecht, President, IBIS America LLC.

The SAP TechEd conference focuses on technology with an emphasis on collaboration and hands-on workshops, going beyond technical education.

About IBIS

IBIS invented reverse business engineering for SAP technology and provides continuous improvement tools (RBE Plus) and services to customers worldwide. Our primary goal is helping out customers get the most of their investment in SAP solutions by helping them improve productivity and reduce costs across their project management office (PMO) and center of excellence organizations. Our solutions provide support for upgrades, consolidations, security, customization reduction, testing and overall optimization. Since the inception of SAP Solution Manager, IBIS has been a leader in business process documentation and optimization. IBIS offers a full suite of services and education for SAP Solution Manager to help companies plan, implement and successfully adopt SAP Solution Manager.
